

# FRIENDS of Caroline HOSPICE

## From the President's Desk

### **MISSION**

#### **FRIENDS of Caroline HOSPICE**

is dedicated to providing home care and volunteer services that offer hope, encouragement and care to those who live with a life-threatening illness, as well as support for their families and friends.

*Vicki Verity*

After receiving the news that my mother-in-law had a terminal illness, the feelings of shock and helplessness took hold of me. Where to go? What to do? Help!

Fortunately, our family knew about FRIENDS of Caroline HOSPICE and the unique care they provide. FRIENDS offers a comprehensive approach to caring. For the patient this means medical nursing care, personal care, spiritual care and daily living care. For the families this

means support and training. For the community this means bereavement support for both adults and children.

We contacted FRIENDS immediately so relationships could begin to grow and cement throughout my mother-in-law's illness. Because FRIENDS is a medical hospice, we had the attention of a registered nurse as needed. Two patient volunteers helped both my mother-in-law and the rest of the family with a myriad of needs and wants.

As I look back, I realize how much FRIENDS relieved our distress and suffering. As I share our family's experience with others who have gone through a similar loss, I find that we are bonded immediately, despite our disparate lives, in our debt of gratitude to FRIENDS.

FRIENDS is entering its 29<sup>th</sup> year as a local organization providing completely free services to anyone with a life threatening illness. We are a 100% non-profit hospice and totally dependent on donations, grants and fundraisers. We are the only hospice in the area that does not charge our patients or their families and receives nothing from insurance companies or Medicare/Medicaid.

As President, my goal is to expand our resources so our patients can continue to receive the home care they deserve. I will also work to clarify and promote our mission to the community as a whole so everyone knows where to find help when they need it the most for their loved ones and themselves.

*When I was diagnosed with terminal cancer at the age of 27, I was determined to stay at home for my final days. My friends here in Beaufort made this possible as they rallied around me with the medical care and abiding love I needed to make my death a journey, not a lonely event.*

## Message from our Executive Director

*To keep a lamp burning you have to put oil in it – Mother Teresa*

To keep the lamp and light of the FRIENDS of Caroline HOSPICE burning we depend on the generosity of the Beaufort Community. Only with your support can we provide hospice care, bereavement groups for adults and children, and cancer support groups to anyone in need free of charge.

FRIENDS is a unique organization in that we do not charge

Medicare/Medicaid, private insurance or private pay. We have chosen to stay the way hospice was intended friends helping friends, neighbors helping neighbors. Since we do not bill insurance, we are still able to help patients who choose to seek curative measures.

In these especially difficult economic times, we are endeavoring to continue our programs, free of charge. For this reason, I appeal to the community, to continue to donate to FRIENDS. Remember

that even the smallest donations help. It is not too late if you haven't donated.

Beverly Porter  
 Executive Director

## The of FRIENDS - Volunteers

Our 32 Patient Volunteers are a vital part of the FRIENDS' team. Many of our volunteers have been working with patients and families for over 10 years. We welcome and train new volunteers on a regular basis. Patient Volunteers provide respite to the caregiver by doing just about anything a friend can do: listening, playing a game, walking a dog,

preparing and serving a simple lunch and so much more.

FRIENDS has volunteering positions available to suit everyone. Volunteer opportunities include drivers, office assistance, bereavement support, events, event planning, marketing, RED DOOR Thrift Store assistance among others.

Without our volunteers, we

would not be able to provide the outstanding services that FRIENDS continues to offer. Thank you to ALL of the Volunteers that make FRIENDS what we are.

Want to be a volunteer? Call FRIENDS today at 525-6257 to learn more.

## Child Bereavement Program

Grief Journey for Kids, the FRIENDS program for bereaved children entered its 7<sup>th</sup> year and continues to grow. In the 2008-2009 school years, we have helped over 130 children in 15 schools in Northern Beaufort County. Twelve specialized trained volunteers work in teams of two in each school helping kids from kindergarten to

high school cope with the death of a loved one through a six week program. This program allows children to express their feelings through art, music, journaling and sharing with peers in a safe, confidential setting. Ninety-eight percent of students who participate in the program would recommend it to other students. This year teacher workshops were

offered to teachers to learn how to help students returning to school after a death. When sessions are completed, parents receive letters with guidelines explaining how to help their grieving child.

# Bereavement & Cancer Support Programs

In addition to our ongoing bereavement support group for recently bereaved adults, this year we added the Stepping Ahead Program for those who have been on the grief journey and are ready to begin to discover ways of coping with everyday living. This has been an overwhelmingly popular program.

Each month a different speaker presents topics such as Creative Eating for One, Travelling as a Single Person, Personal Safety and many others. The May

meeting will be on Relaxation Techniques presented by Susan Morlino RN, MA.

This past year a unique grief group was formed for parents of adult children who have died. This group allows the participants to share with other parents the pain of losing the adult relationship that existed with the lost adult child.

Two additional cancer support groups bring hope and support to cancer patients; one group meets at Keyserling Cancer Cen-

ter and another meets on Fripp Island. The participants have the opportunity to talk about their successes, share their fears and receive emotional reassurances from each other.

A Caregiver Support Group meets monthly at our office for families of our patients. This group helps caregivers learn how to care for themselves while caring for a loved one with a life threatening illness.

Remember, help is only a phone call away. Call 525-6257.

*Don't suffer alone— FRIENDS is only a phone call away!*

## THANK YOU, Beaufort!

FRIENDS of Caroline HOSPICE would like to extend our sincere appreciation to all the individuals and companies in the Beaufort area that support our organization. Without the backing from the community FRIENDS would not be able to accomplish even half of what we currently offer. Community support comes in so

many ways: financial support through donations and sponsorships of events, volunteering assistance, donations of goods and services.

FRIENDS is striving to reduce costs in this difficult financial time. Due to this, we have chosen to publish only year to date donation information in this newsletter.

As soon as possible, we hope to be able to send out several newsletters a year acknowledging contributions on an ongoing basis.

FRIENDS greatly appreciates our many supporters and know that we could not succeed without your help!

# New Partnerships

FRIENDS would like to extend a gracious thank you to the local organizations that made us their charity of choice in recent endeavors.

In February 2009, The Beaufort Irish Festival chose FRIENDS as the recipient of all proceeds from this event. In its second year the festival was a huge success. The Irish Festival had something for everyone in Beaufort—including the following

FREE events: lectures on Irish culture, a true storyteller—Batt Burns, Ceili dancing lessons. The Gala and the festival events were very well organized with delectable food and outstanding entertainment. Thank you for partnering with FRIENDS on this event.

The Beaufort Harbormasters also chose us as the recipient of funds raised by their annual Singing Valen-

tine Program. They had quartets perform singing valentines and deliver chocolates.

Thank you again for all your support this past year. Only with the help of local organizations is FRIENDS able to maintain and grow allowing us to be able to increase the amount of help that we can provide our community.
