

**GET READY FOR FALL**  
**SPECIAL OFFER: \$49 per person!**  
**Saturday, September 12, 2009**  
**9 a.m. - 4 p.m.**

Grace Institute is offering two workshops specifically focused on teaching. One is for teachers/workers with children and youth, the other is focused on adult teaching. We are encouraging all teachers, leaders, children and youth volunteers to participate. This is a wonderful way to get ready for the fall season!

**WHEN KIDS MEET GOD**

Learn ways to help children be biblically literate, principles of effective children and youth ministry, criteria for judging effectiveness of programs. Learn how to help kids learn about God and discover their place in the story of faith. Learn what kind of communication affects each age group and how to actually reach the kids you're working with. And, learn about effective youth ministries that don't cost an arm and a leg.

**PREACHING AND TEACHING FOR CHANGE**

Learn how to communicate with each adult generation, how to plan your preaching and teaching for the long haul, different styles of presentation and their benefits, & learn some principles for teaching adult classes and leading community groups.
