DAVIE COUNTY UNITED WAY LAUNCHES NEW WEBSITE

January 30, 2006 - Mocksville - Davie County. www.davieunitedway.org. Designed for Davie County citizens, companies and agencies — this self-directed, web site provides an overview and orientation of the Davie County United Way without ever having to leave your desk. Davie County United Way seeks to enhance the quality of life for all Davie County citizens by providing information on **How You Can Help**, opportunities for service and community involvement; **Partner Agencies**, a listing of programs and services available; **Contributing**, continued financial support of the community nonprofits, online donations is also available; and **Direct Programs**, an overview of the direct service provided to Davie County by your LOCAL United Way. Each page on the website is designated to give citizens needed information in an easily accessible and readable format.

“I think it’s great that we can now communicate and conduct business in the same fashion as many of our for-profit counterparts in Davie County,” stated 2006 President, Steve Tuch.

“The site has been operational for a few months now,” stated Executive Director, Mary Beth Forst. “But it wasn’t ready for the official unveiling until now.” Also available through the website, is downloadable applications for agencies and Day of Caring as well as downloadable fundraising forms, helpful ideas and information sheets for company Campaign. And the best thing...it’s ALL LOCAL, ALL THE TIME— just like YOUR United Way!

This new website is thanks to a grant from Charity Advantage.

The mission of the Davie County United Way is to unite the voluntary strength of our community to care for one another. This is achieved through direct community impact projects/programs facilitated by DCUW and the funding of 38 traditional programs through nonprofit agencies that impact three focus areas: Children and Youth, Health and Wellness and Crisis Intervention.
